Hi Justine,

I was hoping there wouldn't be a strike, but here we are…and it sounds like things are fairly disrupted in the schools. You might have a better idea about PBA, but I am assuming that the CtB performance will be postponed. Please let me know if that is not the case.

I wrote Ken Hanson last week but have not heard back. I didn't find contact info on the school site so I used the DPS format, but can you please check to see if you have his email?

I will continue to look into Hispanic contacts in the meantime. Best, Barb
